# 1 INTRODUCTION

This is an Instruction to Tenderer (ITT) for the Mechanical Works. The document defines the minimum requirements for the tender.

The CONTRACT will be closed between Linde GmbH, Linde Engineering or one of its subsidiaries (COMPANY) and the successful tenderer.

The tender documents have been compiled to provide an equal basis for all tenderers. Tenderer is therefore requested to comply with the requirements of the tender documents. COMPANY reserves the right to reject any Tender not complying with these requirements.

Linde GmbH  
Linde Engineering  
Dr.-Carl-von-Linde-Strasse 6-14  
82049 Pullach  
Germany

## 2.1 TENDER DOCUMENTS

The tender has to cover the following items, all these items you will be able to provide. We will sent you a link latest by 18.08.2023, by which you can submit it to Linde.

1. Completed priced Bill of Quantities on the basis of List of Attachments, Doc.No. &AA 2920 W-GE 9300, issue 1.  
Tenderer receives the BoQ as an electronic file in file format .x83 (GEAB). The software „e-bid sub“ can be downloaded from the internet. The link and the instructions how to use „e-bid sub“ (BoQ Manual) is attached to this instructions to tender.
2. Preliminary work schedule including mobilisation and execution of the works.
3. Manpower diagram.
4. Area requirements (Temporary Site Facilities / Laydown Area) by tenderer.
5. Power requirements.

## 2.2 CONFIDENTIALITY OF TENDER DOCUMENTS

The Tender Documents

- are the property of Company
- are to be regarded as confidential
- shall not be reproduced in whole or in part except on a need-to-know basis to its employees who are properly bound to confidentiality and restricted use and
- must not be disclosed to third parties or published.

There will be no public opening of the Tenders.

Tenderer shall not make any public announcement concerning this Tender without the prior written approval by COMPANY.
